was an american ethnomusicologist best known for his numerous field recordings of folk music Tribal Libraries, Archives, and Museums: Preserving Our Language, Memory, and Lifeways:

0 of 0 review helpful Informative and much needed By Sue An informative and much needed book that outlines the central role of tribal libraries archives and museums in preserving the culture lifeways and language of indigenous communities The essays demonstrate insights from personal experience and a breadth of expertise with practical suggestions and examples of successful programs and projects Divided into sections Hundreds of tribal libraries archives and other information centers offer the services patrons would expect from any library circulation of materials collection of singular items such as oral histories and public services such as summer reading programs What is unique in these settings is the commitment to tribal protocols and expressions of tribal lifeways mdash from their footprints on the land to their architecture and interior design inst Tribal Libraries Archives and Museums is definitely not a traditional reference book It is more accurately described as a collection of articles on several themes related to indigenous information centers
