By Stephen E. Atkins : The Academic Library in the American University vanderbilt library researchguides quot;during the summer of 1992 noted genealogist miriam weiner organized and led a tour of holocaust survivors and genealogists links to online books and articles relating to the american revolution 1775 1783 generally and to the southern campaign specifically The Academic Library in the American University:

It has been argued that librarians are losing influence on their campuses Atkins responds to this assertion with a critical analysis of the role the academic library plays within the university setting and pursues how the library may meet the expectations of faculty and administration The early chapters review the changes in higher education from 1638 to the present The later chapters take up the major change that has influenced the role of the academic library in the
