Archival Research gathers over twenty years of essays addressing archival research methodologies and methods. They give readers a sense of how scholars have articulated archival research over the last two decades, providing insight into the shifts research methods have undergone given emerging technologies, changing notions of access, emerging concerns about issues of representation, fluid definitions of what constitutes an archive, and the A must read for both those new to the archives and seasoned researchers. What a boon to our discipline as well as a joy to have these rich, provocative and ground breaking essays placed in conversation with one another. Lisa Mastrangelo, Associate
