The second edition of this popular handbook has been thoroughly updated by the original team of experts and some new contributors to provide current best practice guidance on the key legal information issues for every type of service. Each of the chapters is updated to reflect general changes in law libraries and their users in the past seven years. In particular, the handbook covers new information technologies including social networking and communication. New chapters acclaim for the first edition. The new BIALL British and Irish Association of Law Librarians Handbook of Legal Information Management gives expert and up to date best practice guidance on the key legal information issues for every type of service library.
