Traditionally academic library outreach has meant reaching out to the campus community providing services to faculty and students. Many universities and colleges however now have a new or renewed emphasis on outreach beyond the campus seeking to ensure their institutions relevance to the community at large. How can and do academic libraries participate in this type of outreach? What types of collaborations or partnerships are academic libraries forming with s... From Booklist Geared to academic librarians this work presents ways that academic libraries have reached out to communities beyond their campus constituency. An introductory chapter briefly explores the idea of o
