Combating Student Plagiarism: An Academic Librarian's Guide (Chandos Information Professional Series):

This practical book introduces readers to the current issues facing today's academic reference and instruction librarians grappling with the growing problem of student plagiarism. The book provides up-to-date overviews of student plagiarism examples of ways in which librarians can educate students through proven instructional techniques, collaboration approaches and outreach methods and discusses common problems and questions librarians may encounter when incorporating. The author cites a range of timely examples not limiting herself to print but also including audio and video. The book devotes a considerable number of pages to a review of the academic library literature that provides a comprehensive overview for library science.
