By Lynda Kellam, Katharin Peter : Numeric Data Services and Sources for the General Reference Librarian (Chandos Information Professional Series) Numeric Data Services and Sources for the General Reference Librarian

(Chandos Information Professional Series):

The proliferation of online access to social science statistical and numeric data sources such as the U S Census Bureau's American Fact Finder has lead to an increased interest in supporting these sources in academic libraries Many large libraries have been able to devote staff to data services for years and recently smaller academic libraries have recognized the need to provide numeric data services and support This guidebook serves as a primer to developing There is a lot of helpful guidance on regular aspects of libraries in the context of data librarianship I would recommend this to academic and research librarians but think it is relevant to all reference librarians Refer There are far too few books that s
