Becoming Confident Teachers: A Guide for Academic Librarians (Chandos Information Professional Series):

Becoming Confident Teachers examines the teaching role of information professionals at a time of transition and change in higher education. While instruction is now generally accepted as a core library function in the 21st century, librarians often lack sufficient training in pedagogy and instructional design, consequently finding their teaching responsibilities to be stressful and challenging. By exploring the requirements and responsibilities of the role, this book guides the reader to a sound and satisfying work on teaching librarianship. College and Research Libraries McGinnis's work has many strengths. College and Research Libraries This book is a goldmine for practical how-to tips, but it is also a book that advocates why!
