Qualitative Research and the Modern Library (Chandos Information Professional Series):

Qualitative Research and the Modern Library examines the present day role and provides suggestions for areas that might be suited to this type of research for the purposes of evaluation The author discusses how the results from such research might be applied and the overall impact of using this type of research to inform development of a more user centred organisation The book provides a thoughtful look at the implications of using qualitative research to inform decisions About the Author Valeda Dent Goodman has worked as a librarian and library administrator for more than twelve years She holds an MSW from the University of Michigan's School of Social Work and an MILS from the University of Michigan's School
