Person Library (Chandos Information Professional Series):

Managing the one person library provides a useful and needed resource for solo librarians confronted with the challenges of running a small library. The author uniquely focuses on topics encountered by solo librarians such as IT troubleshooting and library security. Chapters on library management, collection development, serials management, and library marketing are included to enable solo librarians to easily manage day to day operations in these areas and advise on how. About the Author: Larry Cooperman is an adjunct faculty librarian at the University of Central Florida specializing in online reference research for undergraduates, graduates, and faculty. He received his M.S. in Library and Information Science from Simmons.
