From International Network for the Availability of Scie : User Information Literacy: Case Studies from University Library Programmes in the SCANUL-ECS Region (INASP/SCANUL-ECS Publications) User Information Literacy: Case Studies from University Library Programmes in the SCANUL-ECS Region (INASP/SCANUL-ECS Publications):

With today's increasing complexity of information and information resources the effectiveness of teaching and learning at the university level relies on students and their teachers having the necessary information skills. This volume provides an analysis of the information literacy programmes currently undertaken in the SCANUL ECS region. Each study covers the development of user education IL strategies, programme content, who does the teaching, how the programme has been
